

DOCUMENT PACKAGE FOR THE ANTIDUMPING DUTY ADMINISTRATIVE REVIEW OF WOODEN BEDROOM FURNITURE FROM THE PEOPLE’S REPUBLIC OF CHINA

The Department of Commerce (Commerce) is requiring all companies for which an administrative review of wooden bedroom furniture from the People’s Republic of China (China) has been requested, that are seeking separate rate status in the review, to submit a timely Separate Rate Application or Separate Rate Certification, as appropriate, and a timely response to the Quantity and Value (Q&V) Questionnaire and the additional questions in this document package. *See* the initiation notice for the review as well as the Separate Rate Application and Separate Rate Certification at <http://enforcement.trade.gov/nme/nme-sep-rate.html> for details as to who may file a Separate Rate Certification rather than a Separate Rate Application. In the event that Commerce limits the number of respondents for individual examination in the administrative review of wooden bedroom furniture from China, Commerce intends to select respondents based on volume data contained in responses to the Q&V Questionnaire.

Instructions for filing documents with Commerce are included in the document package in Attachment A. To assist you in filing your response, we have provided a general checklist in Attachment A which covers many of the major filing requirements. In addition, the Certificate of Service and the Certificates of Accuracy that must be filed with documents submitted to Commerce are included in Attachment B of the document package. A list of items included in the document package is below.

Separate Rate Applications or Separate Rate Certifications, as well as a response to the Q&V Questionnaire and the additional questions in the document package, are due to Commerce by **April 8, 2022**. Please note that Commerce does not intend to grant any extensions for the submission of responses to the Q&V Questionnaire or other parts of this document package. Responses to this document package should be filed with Commerce as one submission.

Attachment A: Filing Instructions

Instructions for Filing the Response:

The following instructions apply to all documents you submit to Commerce during the course of this proceeding.

A. Due Date

1. All submissions must be made electronically using Commerce's ACCESS website at <http://access.trade.gov>. If an exception to the electronic filing requirement applies, you must address and manually submit your response to the address indicated below in the section on "Manual Filing". To determine if your response qualifies for manual filing, *see* the section on "Manual Filing" below. All laws, regulations, and other descriptive materials that supplement your responses should be submitted on the same date as the initial response.
2. The **business proprietary** response should be submitted on the day specified on the cover page of this document package. The **public version** of the response may be filed one business day after the proprietary response.
3. An electronically filed document must be received successfully in its entirety by ACCESS by 5 p.m. Eastern Time (ET) on the due date, unless an earlier time is specified. Where applicable, a submitter must manually file a document between the hours of 8:30 a.m. and 5 p.m. ET on the due date, unless an earlier time is specified.

B. Format

1. You are required to state in the upper right-hand corner of your cover letter the following information in the following format:
 - a. on the first line, indicate the case number stated on the cover page to this document package;
 - b. on the second line, indicate the total number of pages in the document including cover pages, appendices, and any unnumbered pages;
 - c. on the third line, indicate the specific segment of the proceeding, (*e.g.*, investigation, administrative review, scope inquiry, suspension agreement, etc.) and, if applicable, indicate the complete period covered (MM/DD/YY - MM/DD/YY);
 - d. on the fourth line, indicate the Commerce office conducting the proceeding;
 - e. on the fifth and subsequent lines, indicate whether any portion of the document contains business proprietary information and, if so, list the page numbers containing business proprietary information; and indicate the business proprietary/public status of the document and whether you agree

or object to release of the submitted information under **administrative protective order** (APO) by stating one of the following:

- “Business Proprietary Document -- May Be Released Under APO,”
 - “Business Proprietary Document -- May Not Be Released Under APO,”
 - “Business Proprietary/APO Version-- May Be Released Under APO,” as applicable,
 - “Public Version,” or
 - “Public Document.”
2. Please include a “Re:” line on the cover letter of your response, or any other submissions you make during this proceeding. In the Re: line, briefly summarize the purpose of your submission, *e.g.*, “response to Quantity & Value questionnaire,” “case brief.”
 3. Prepare your response in typed form and in English (*see* 351.303(d) and (e) for these and other formatting requirements). Include an original and translated version of all pertinent portions of non-English language documents that accompany your response, including financial statements.
 4. It is your responsibility to contact the official in charge if subsequent to your filing there are events that affect your response (*e.g.*, changes in your cost accounting system are relevant to antidumping proceedings, and changes as a result of an audit are relevant to both antidumping and countervailing duty proceedings).

B. Manual Filing

**** Currently, alternative arrangements for manual filing must be made. If you are unable to file your submission electronically in ACCESS such that alternative arrangements are needed, please contact an official in charge at least 72 hours before the due date. For data files larger than 50 MB, email the ACCESS Help Desk at access@trade.gov so that they may assist you in reducing the size of your file.****

1. **All submissions must be filed electronically.** Only under the following four circumstances will Commerce accept a hardcopy response that is manually filed:
 - Documents exceeding 500 pages in length may be filed manually (in paper form) in the APO/Dockets Unit. This is referred to as a “bulky document.”
 - Data files greater than 50 MB must be filed manually on CD-ROM or DVD.
 - If the ACCESS system is unable to accept filings continuously or intermittently over the course of any period of time greater than one hour between 12:00 p.m. and 4:30 p.m. ET or for any duration of time between 4:31 p.m. and 5:00 p.m. ET, then a person may manually file the document in the APO/Dockets Unit. Commerce will provide notice of such technical failures on the ACCESS

Help Desk line at 202-482-3150 and on the E&C website, which is <http://www.trade.gov/enforcement/>.

- Apart from the above, if you are unable to comply with the electronic filing requirement, as provided in § 351.103(c) of Commerce's Regulations, and in accordance with section 782(c) of the Tariff Act of 1930, as amended (the Act), you must promptly notify the official in charge and submit a full written explanation of the reasons you are unable to file the document electronically. You must also suggest alternative forms in which to submit the information. Commerce will consider the ability of a submitter and may modify the electronic filing requirement on a case-by-case basis.
2. All manually filed documents must be accompanied by a cover sheet generated in ACCESS. For manually filed bulky documents, separator sheets must also be generated and used.
 3. If your response qualifies as a bulky document and you opt to file it manually, you must file two identical paper copies of the document. For all other authorized manual submissions, only one paper copy is required.
 4. Manual submissions must be addressed and submitted to:

**Secretary of Commerce
APO/Dockets Unit Room 18022
U.S. Department of Commerce
1401 Constitution Avenue, N.W.
Washington, D.C. 20230
Attn: Enforcement & Compliance
AD/CVD Operations, Office IV**

D. Certification

1. Submit the required **certification of accuracy** (included in Attachment B). Providers of information and the person(s) submitting it, if different (*e.g.*, a legal representative), must certify that they have read the submission and that the information submitted is accurate and complete. Commerce cannot accept responses that do not contain the certification statements. Forms for such certification are included in Attachment B to this document package. You may photocopy this form and submit a completed copy with each of your submissions.
2. Provide the required **certificate of service** (included in Attachment B) with each business proprietary document and public version submitted to Commerce.
3. Signed certifications of accuracy and certificates of service should be scanned and appended to the appropriate electronic documents filed in ACCESS.

E. Business Proprietary Information and Summarization of Business Proprietary Information

1. Request business proprietary treatment for information submitted that you do not wish to be made publicly available. As a general rule, Commerce places all correspondence and submissions received in the course of an antidumping or countervailing duty proceeding in a public reading file. However, information deemed to be proprietary information will not be made available to the public. If you wish to make a request for proprietary treatment for particular information, refer to sections 351.304, 351.305, and 351.306 of Commerce's regulations. You must submit the request for proprietary treatment at the same time as the claimed business proprietary information is submitted to Commerce.
2. Utilize the "one-day lag rule" under section 351.303(c)(2) of Commerce's regulations if you wish an additional day to review the final bracketing of business proprietary information in a document and to prepare the required public version. The filing requirements under the one-day lag rule provide for a party to file only the business proprietary document within the applicable time limit (section 351.303(c)(2)(i)). By the close of business one business day after the date the business proprietary document is filed, the person must file the complete final business proprietary document (section 351.303(c)(2)(i)(ii)). The final business proprietary document must be identical to the original document except for any bracketing corrections.
3. By the close of business one business day after the date the business proprietary document is filed (refer to the "one-day lag rule" in the preceding paragraph), submit the public version of your response (section 351.303(c)(2)(i)(iii)). A public version must contain:
 - (1) a non-proprietary (public) version of your response that is in sufficient detail to permit a reasonable understanding of the information submitted in confidence, and/or
 - (2) an itemization of particular information that you believe you are unable to summarize. State the reasons why you cannot summarize each piece of information.

Please note: The summarization requirement does not apply solely to the narrative portion of your response. It applies equally to worksheets and other appendices to your response, and even to sales and cost databases submitted in antidumping proceedings. Generally, numerical data, such as that provided in sales and cost databases in antidumping proceedings, are adequately summarized only if grouped or presented in terms of indices or figures ranged within 10 percent of the actual figure. If a particular portion of data is voluminous, use ranged figures for at least one percent of the voluminous portion.

Responses, or portions thereof, that are not adequately summarized may be rejected from the record of this proceeding.

4. Submit the statements required regarding limited release of business proprietary information under the provisions of an APO. U.S. law permits limited disclosure

to representatives of parties (*e.g.*, legal counsel) of certain business proprietary information, including electronic business proprietary information, under an APO. (Note that data received under an APO cannot be shared with others who are not covered by the APO.) Under the provisions governing APO disclosure, you must submit either:

- (1) a statement agreeing to permit the release under APO of information submitted by you in confidence during the course of the proceeding, or
- (2) a statement itemizing those portions of the information which you believe should not be released under APO, together with arguments supporting your objections to that release.

We are required by our regulations to reject, at the time of filing, submissions of business proprietary information that do not contain one of these statements. As discussed above, you must state in the upper right-hand corner of the cover letter accompanying your response whether you agree or object to release of the submitted information under APO (*e.g.*, May Be Released Under APO or May Not Be Released Under APO). (*See* section 351.304 of Commerce’s regulations for specific instructions.¹)

5. Place brackets (“[]”) around information for which you request business proprietary treatment. Place double brackets (“[[]]”) around information for which you request proprietary treatment and which you do not agree to release under APO.
6. Provide to all parties whose representatives have been granted APO access and who are listed on Commerce’s most recent APO Service List, a complete copy of the submission--proprietary document and public version, except for that information which you do not agree to release under APO. (APO service lists, as well as public service lists, are maintained at <http://access.trade.gov>, case A-570-890). If you exclude information because you do not agree to release it under APO, you must submit the complete business proprietary version, wherein information in double brackets has been excluded. This version of the response must be marked “Business Proprietary/APO Version-- May Be Released Under APO” on the cover page. For parties that do not have access to information under APO, please provide a public version only.

¹ If you do not agree to release under APO all or part of the proprietary information, but we determine that the information should be released, you will have the opportunity to withdraw the information (*see* section 351.304(d) of our regulations). However, any information which you withdraw will be taken out of the official record and will not be used in our determination.

General Checklist:

1. _____ You have filled out and included with your response the Certificate(s) of Accuracy in Attachment B of this document package.
2. _____ You have filled out and included with your response the Certificate of Service in Attachment B of this document package.

3. _____ Your Certificate of Service lists each company on the Public Service list at <http://access.trade.gov>, case A-570-890.

Instructions relating to PROPRIETARY DOCUMENTS

If you wish to treat any of the information contained in your response as proprietary information that you do not wish to be made publicly available, you must comply with items A and B below:

- A. You submitted a proprietary version of the document which meets requirements 1 through 7 below:

in the upper-right hand corner of the cover letter of your response: (1) **May Be Released Under APO** or (2) **May Not be Released Under APO**. APO stands for Administrative Protective Order. Administrative Protective Orders permit limited disclosure of proprietary information to representatives of parties (*e.g.*, legal counsel to parties) who have been granted APO access. **You should note that most business proprietary information is usually released by the submitters of the information under APO.** However, if you object to the release under APO of certain information contained in your response, you **must** list the information which you believe should not be released under APO, together with arguments supporting your objections to release under APO.

3. _____ You have included the statement “Business Proprietary Treatment Requested” on the top of each page containing business proprietary information.

If you created an APO version of your response, provide the parties on the APO Service list with a copy of the **APO version** of your response. If you **did not** create an APO version of your response, provide the parties on the APO Service list with a copy of the **proprietary version** of your response. **Do not** provide parties on the Public Service list with a copy of either the proprietary version or APO version of your response.

B. You have created a public version of the proprietary document which meets requirements 1

through 3 below:

1. _____ The upper-right hand corner of the cover letter of your response contains the following information:

Case No. A-570-890
Total Number of Pages: x
Review: 1/1/2021-12/31/2021
E&C Office IV
Public Version

2. _____ In the public version of the response, you have summarized all of the numeric data in the proprietary version of the response that you placed in brackets (“[]”). An acceptable method of summarizing the proprietary numbers in the public version is to report numbers in the public version that differ from the numbers reported in the proprietary version by no more than 10 percent. For example if you reported [200] in the proprietary version, you may summarize this figure in the public version of that document by reporting a number between [220] and [180].

Commerce has initiated an administrative review of the antidumping duty order on wooden bedroom furniture from China covering the period January 1, 2021 through December 31, 2021.

Section 777A(c)(1) of the Tariff Act of 1930, as amended (Act), directs Commerce to calculate individual dumping margins for each known exporter and producer of the subject merchandise. Where it is not practicable to examine all known producers/exporters of subject merchandise, section 777A(c)(2) of the Act permits Commerce to examine either (1) a sample of exporters, producers or types of products that is statistically valid based on the information available at the time of selection; or (2) exporters and producers accounting for the largest volume of the subject merchandise from the exporting country that can be reasonably examined.

In advance of the issuance of the full antidumping questionnaire, we ask that you respond to the following Q&V Questionnaire in Appendix A of this attachment requesting the quantity and U.S. dollar sales value of all exports to the United States during the period January 1, 2021 through December 31, 2021, of merchandise covered by the scope of the order produced in China. A definition of the scope of the merchandise subject to this review is included in Appendix B of this attachment. General instructions for filing the Q&V Questionnaire are contained in Attachment A of this document package. A full and accurate response to the Q&V Questionnaire from all participating respondents is necessary to ensure that Commerce has the requisite information to appropriately select mandatory respondents. Please be advised that completing and timely filing the Q&V Questionnaire does not guarantee that you will be chosen as a mandatory respondent because Commerce may find it is necessary to limit individual examination of respondents and conduct respondent selection under section 777A(c)(2) of the Act.

Companies that had no exports, sales, or entries of subject merchandise during the period January 1, 2021 through December 31, 2021 should properly file a timely Q&V Questionnaire response that indicates that the company had no exports, sales, or entries of subject merchandise during that period.

In general, Commerce has found that determinations concerning whether particular companies should be “collapsed” (*i.e.*, treated as a single entity for purposes of calculating antidumping duty rates), require a substantial amount of detailed information and analysis, which often require follow-up questions and analysis. Accordingly, Commerce will not conduct collapsing analyses at the respondent selection phase of this review and will not collapse companies at the respondent selection phase unless there has been a determination to collapse certain companies in a previous segment of this antidumping proceeding (*i.e.*, investigation, administrative review, new shipper review or changed circumstances review). For any company subject to this review, if Commerce determined that company should be collapsed with others, or has continued to treat that company as collapsed with others, Commerce will assume that such companies continue to operate in the same manner and will collapse them for respondent selection purposes. Otherwise Commerce will not collapse companies for purposes of respondent selection.

A company responding to this Q&V Questionnaire which Commerce has not determined to collapse with other companies, or not treated as collapsed with other companies, in the most recently completed segment of the proceeding should only report Q&V data for itself. Such a

company should not include data for any other party, even if the company believes it should be treated as a single entity with other parties. If Commerce has determined to collapse your company with other companies in the most recently completed segment of this proceeding, or has continued to treat your company as collapsed with others in the most recently completed segment of this proceeding, please report the requested information for the collapsed entity. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed.

Your response to the Q&V Questionnaire must be filed with Commerce no later than **April 8, 2022**, which is **30 days from the publication of the initiation notice**. Please note that due to time constraints in this administrative review, Commerce does not intend to extend the deadline for responding to the attached Q&V Questionnaire. All responses to the attached Q&V Questionnaire must be made electronically using Commerce's ACCESS website at <http://access.trade.gov> (see the instructions in Attachment A of this document package). In addition, all submissions to Commerce must be accompanied by a Certificate of Accuracy from company officials and, if represented by legal counsel or other firm, a Certificate of Accuracy from the representative. Further, all submissions to Commerce must be served on the appropriate interested parties. A list of interested parties may be found at <http://access.trade.gov>, case A-570-890. Certificates of service and accuracy are in Attachment B of this document package.

To assist you in filing your response to this Q&V Questionnaire, we have provided a checklist in Appendix C of this attachment which covers many of the major filing requirements (see also the General Instructions in Attachment A of this document package). The checklist should be submitted with your response to the Q&V Questionnaire. Confirm that you have complied with the applicable items in the checklist by checking the appropriate item.

If you fail to respond or fail to provide the requested quantity and value information, please be aware that Commerce may find that you failed to cooperate by not acting to the best of your ability to comply with the request for information, and may use an inference that is adverse to your interests in selecting from the facts otherwise available, in accordance with section 776(b) of the Act. Please note that your response to the Q&V Questionnaire may be subject to on-site verification by Commerce officials.

Also, please be advised that completing and filing a response to the Q&V Questionnaire does not guarantee that you will receive separate rate status but it is a requirement for obtaining separate rate status. Commerce is also requiring all firms that wish to qualify for separate-rate status to complete a Separate Rate Application or Separate Rate Certification and the additional questions in Attachment D as described in the notice of initiation. Firms must submit a timely and complete response to the Q&V Questionnaire, in addition to a timely and complete Separate Rate Application or Separate Rate Certification and a timely response to the additional questions in order to receive consideration for separate-rate status. In other words, Commerce will not give consideration to any timely Separate Rate Certification or Separate Rate Application made by parties who failed to respond in a timely manner to the Q&V Questionnaire and the additional

questions. The Separate Rate Application and Separate Rate Certification can be found on Commerce's website at <http://enforcement.trade.gov/nme/nme-sep-rate.html>.

Appendix A

FORMAT FOR REPORTING QUANTITY AND VALUE INFORMATION

In providing the information in the table below, please provide the total quantity in containers² and total value (in U.S. dollars) of all your sales of merchandise covered by the scope of this review (*see* the scope description in Appendix B), produced in the People's Republic of China, and exported/shipped to, or entered into, the United States during the period January 1, 2021 through December 31, 2021.

- Please include only information for subject merchandise exported by your company directly to the United States.
 - ♦ However, if your company made sales to third-countries for which you have knowledge that the merchandise was ultimately destined for the United States, please separately report the requested information for these sales and the location (*i.e.*, countries) to which you made the sales.
- Please do not include shipments of wooden bedroom furniture manufactured in Hong Kong in your figures.

A company responding to this Q&V Questionnaire which Commerce has not determined to collapse with other companies, or not treated as collapsed with other companies, in the most recently completed segment of the proceeding should only report Q&V data for itself. Such a company should not include data for any other party, even if the company believes it should be treated as a single entity with other parties. If Commerce has determined to collapse your company with other companies in the most recently completed segment of this proceeding, or has continued to treat your company as collapsed with others in the most recently completed segment of this proceeding, please report the requested information for the collapsed entity. Parties are requested to (a) identify which companies subject to review previously were collapsed, and (b) provide a citation to the proceeding in which they were collapsed.

² Note: The use of the unit "containers" is for Q&V purposes and respondent selection. This does not imply that antidumping duty margins will be calculated based on this unit.

Market: United States	Total Quantity (In Containers ³)	Terms of Sale ⁴	Total Value ⁵ (\$U.S.)
1. Export Price ⁶			
2. Constructed Export Price ⁷			
3. Further Manufactured ⁸			
Total			

³ One “container” equals one full 40-foot container. If you shipped any product in 20-foot, 40-foot high cubed, or other container sizes, please convert those container shipments to the equivalent number of 40-foot regular containers (*e.g.*, two 20-foot containers = one 40-foot container; one 40-foot high cubed container = 1.13 40-foot regular containers).

⁴ To the extent possible, sales values should be reported based on the same terms (*e.g.*, FOB).

⁵ Values should be expressed in U.S. dollars. Indicate any exchange rates used and their respective dates and sources.

⁶ Generally, a U.S. sale is classified as an export price sale when the first sale to an unaffiliated person occurs before the goods are imported into the United States.

⁷ Generally, a U.S. sale is classified as a constructed export price sale when the first sale to an unaffiliated person occurs after importation. However, if the first sale to the unaffiliated person is made by a person in the United States affiliated with the foreign exporter, constructed export price applies even if the sale occurs prior to importation. Do not report the sale to the affiliated party in the United States, rather report the sale made by the affiliated party to the unaffiliated customer in the United States. If you have sales of further manufactured merchandise, please report them under Item 3, rather than under Item 2.

⁸ “Further manufactured” refers to merchandise that undergoes further manufacture or assembly in the United States before sale to the first unaffiliated customer.

books, and playthings. See *Wooden Bedroom Furniture from the People’s Republic of China: Final Results of Changed Circumstances Review and Determination to Revoke Order in Part*, 74 FR 8506 (February 25, 2009).

Further, as determined in the scope ruling memorandum “Wooden Bedroom Furniture from the People’s Republic of China: Scope Ruling on a White Toy Box,” dated July 6, 2009, the dimensional ranges used to identify the toy boxes that are excluded from the wooden bedroom furniture order apply to the box itself rather than the lid.

²⁴ Excluded from the scope are certain enclosable wall bed units, also referred to as murphy beds, which are composed of the following three major sections: (1) a metal wall frame, which attaches to the wall and uses coils or pistons to support the metal mattress frame; (2) a metal frame, which has euro slats for supporting a mattress and two legs that pivot; and (3) wood panels, which attach to the metal wall frame and/or the metal mattress frame to form a cabinet to enclose the wall bed when not in use. Excluded enclosable wall bed units are imported in ready-to-assemble format with all parts necessary for assembly. Enclosable wall bed units do not include a mattress. Wood panels of enclosable wall bed units, when imported separately, remain subject to the order.

²⁵ Excluded from the scope are certain shoe cabinets 31.5-33.5 inches wide by 15.5-17.5 inches deep by 34.5-36.5 inches high. They are designed strictly to store shoes, which are intended to be aligned in rows perpendicular to the wall along which the cabinet is positioned. Shoe cabinets do not have drawers, rods, or other indicia for the storage of clothing other than shoes. The cabinets are not designed, manufactured, or offered for sale in coordinated groups or sets and are made substantially of wood, have two to four shelves inside them, and are covered by doors. The doors often have blinds that are designed to allow air circulation and release of bad odors. The doors themselves may be made of wood or glass. The depth of the shelves does not exceed 14 inches. Each shoe cabinet has doors, adjustable shelving, and ventilation holes.

²⁶ Excluded from the scope are certain bed bases consisting of: 1) a wooden box frame, 2) three wooden cross beams and one perpendicular center wooden support beam, and 3) wooden slats over the beams. These bed bases are constructed without inner springs and/or coils and do not include a headboard, footboard, side rails, or mattress. The bed bases are imported unassembled.
